Thank you for emailing me your comments on the draft UIC Dewey-Burdock permitting actions and proposed aquifer exemption. I also appreciate you attending the public hearing in Hot Springs and providing testimony. I am very interested in the information you provided about your Minnelusa and Inyan Kara wells. I will look up more info about them on the DENR website. I appreciate you letting me know about the log from the Ferguson well that is located near your Minnelusa well. I will look at that also.

I have added your comments to the list of public comments received. I have also added you to my contact list to keep you informed on future EPA actions related to the site.
